ÜSTYAPI

**Düzce Çimento
Fabrikası
/DÜZCE**

2020

Manufacturing of 1 screw type sampler for raw meal vertical mill outlet silo feeding elevator,

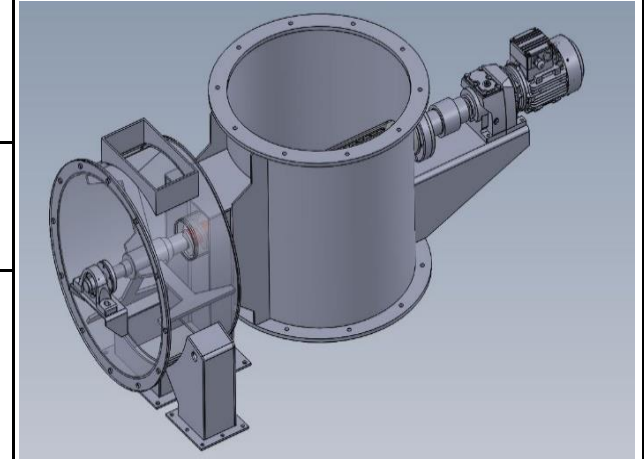

Manufacturing of 1 spiral type sampler to the raw meal silo outlet preheater elevator

Manufacturing of 1 air band type sampler to the Cement conveying air belt line going from the system filter of the Cement 1 mills to the silo

Manufacturing of 1 air band type sampler to the Cement conveying air belt line going from the system filter of the Cement 2 mills to the silo

Manufacturing of 1 screw type sampler to 1 roller press outlet of cement mill

Manufacturing of 1 screw type sampler to 2 roller press outlets of cement mill

ÜSTYAPI

**Düzce Çimento
Fabrikası
/DÜZCE**

2020

Air Band system from cement silo to packaging 1 line,
1 air band type sampler manufacturing

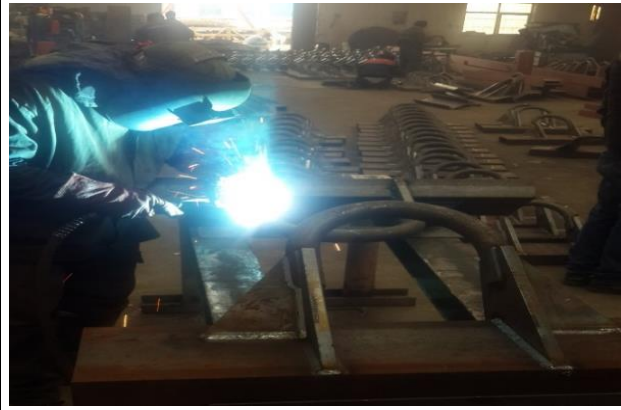

Manufacturing of 1 air belt type sampler for the Air
Belt system going from the cement silo to the
packaging 2 lines

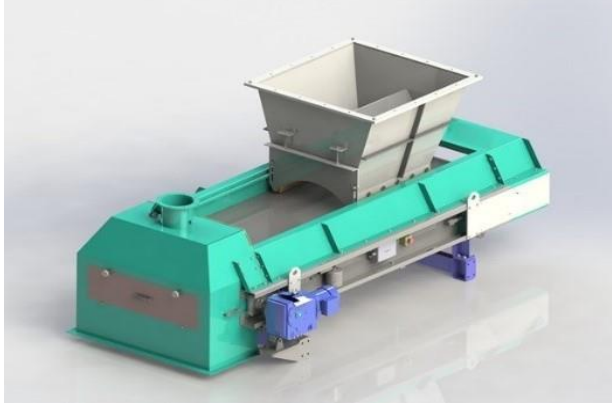

Manufacturing of 1 screw type sampler to 1 separator
return line of cement mill

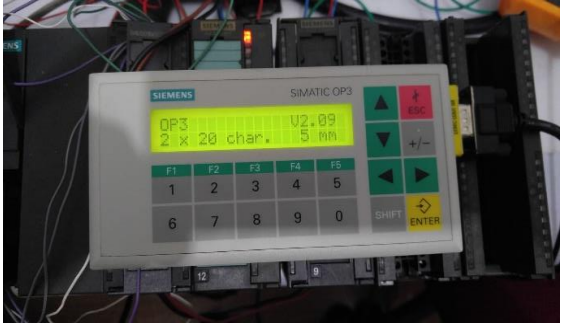

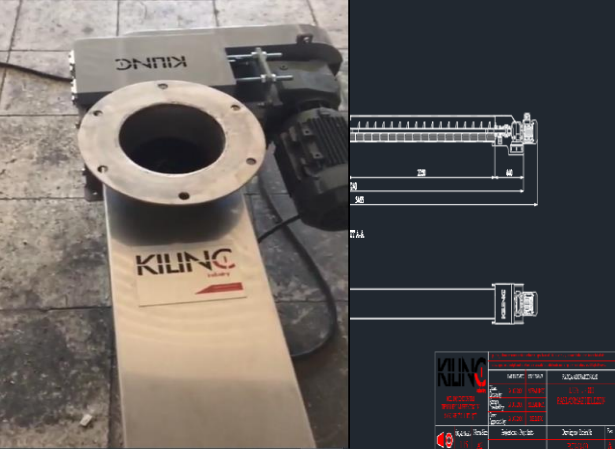

Manufacturing of 1 screw type sampler to 2 separator
return lines of cement mill

Manufacturing of 1 screw type sampler at the
entrance of the coal mill

2021

Cement Mill Feed Dosing Belt Scales Mechanical and
Electrical Panel revisions and Commissioning Process

 VIŞNE MADENCİLİK A.Ş.	2021	Production of 9 Belt Scales capable of weighing with Loadcell from 4 (four) points Capacity : 80 tons / h Size: 1000*1250 mm - 1000*2195mm Manufacturing of Indicator Controlled Panel,	
 Çimko Çimento ve Beton San.A.Ş. / Narlı Fabrikası	2021	Manufacturing and commissioning of Dosage Belt Weigher Chassis and Local Panel for Clinker Dosing and Transport System Capacity: 150-200 tons/h Size: 1400*2950 mm	

 İstanbul Gübre Sanayii A.Ş.	2021	Potassium Chloride Dosing Belt Scale Calibration Process, Commissioning and Spare Parts Supply Capacity : 1.5-15 tons/h Size: 1000*3000 mm	
 ANKARA ÇİMENTO FABRİKASI	2021	Electricity and Automation Material Supply	
 ETİ BAKİR A.Ş. LAHANOS İŞLETMESİ	2022	Manufacturing and Erection of Belt Scale for 100 t/h Ore Conveyor Line, Belt Scale Manufacturing and Installation for 100 t/h Fine Ore Conveyor Line, Belt Weigher Manufacturing and Installation for 7 t/h Copper Concentrated Conveyor Line,	

2022

Manufacturing and Commissioning of Stainless Steel Frame Belt Scale for Potassium Nitrate Conveying Conveyor Line with 8 t/h capacity,

TİFTİK BETON

2022

Manufacturing of scales and panels with impact plate, 80 t/h capacity for weighing in Cement Mill Separator Return Line, Commissioning service

OMYA MADENCİLİK

2022

Design and manufacture of Calcite Conveyor Belt Bucket Elevator (60 t/h),

ALTINTAŞ KARDEŞLER
İNŞAAT

2022

Revision of Dosing Belt Scale Used for Ash Feeding to Return Line Elevator, (Mechanical and Electrical & Automation Works)

İSKENDERUN DEMİR VE
ÇELİK A.Ş.

2023

Mechanical and Electrical Design of Automatic Sampling Machine for Conveyor Line to be Installed in Blast Furnace Charging Facility No. 1, Mechanical Manufacturing, Electrical and PLC control panel manufacturing and commissioning service including software
Band Width: 2000 mm
Capacity : 3700 t/h

 ALTINTAR TARIM A.Ş.	2023	For Product Weighing Passing Over NPK Fertilizer Conveyors; 1 piece of 15 t/h 1 piece of 7 t/h Manufacturing and commissioning of Belt Scale with two weighing bridges	
 ÖZYURT GERİ DÖNÜŞÜM SAN. VE TİC.A.Ş.	2022	To be used in the Recycling Factory; 1,2-4 t/h Lime Dosing Belt Scale with Feeding 10-50 t/h Feeding Coal Dosing Belt Weigher Belt Scale with Two Weighing Bridges with 60 t/h feed manufacture and commissioning,	
 OMYA	2023	Design and manufacture of Calcium Carbonate Belt Bucket Elevator (60-80 t/h)	

 POLİMAK A.Ş.	2023	Eaf Powder (2-15 t/h) 4 pcs Athracite (1-5 t/h) 1 unit Waelz Oxide (0.7-5 t/h) 1 piece Quicklime (1-7,5 t/h) 1 pc Quicklime BBS (0.5-2 t/h) 1 pc Dosage Belt Weigher Mechanical and Electrical Project Design, Mechanical Manufacturing, Electrical and PLC control panel manufacturing and commissioning service including software,	
 Çimko Çimento ve Beton San.A.Ş. / Narlı Fabrikası	2023	Dosage Belt Weigher Maintenance, Repair and Commissioning Supervision	

Çatalağzı Termik
Santrali

2023

For the Installation of the Thermal Power Plant on the Coal Transport Line;
2 Conveyor Mounted Automatic Hammer Type Samplers Mechanical and Electrical Project Design, Mechanical Manufacturing, Electrical and PLC control panel manufacturing and commissioning service including software

TİFTİK BETON

2023

Mechanical and Control panel renewal work of 4 Dosing Belt Weigher in the cement production line

 TİFTİK BETON	2023	Manufacturing of Impact Plate Scales for Cement Mill Separator Line, including Panel and Control Unit with a capacity of 80 t/h	
 TORAMAN MAKİNA	2023	1 Sets Belt Weigher 30 T/H Installation Location: Boğazlayan Sugar Factory / YOZGAT	
 TORAMAN MAKİNA	2023	2 Sets Exproof Belt Scales with 20 t/h measuring capacity were delivered to Marmara Entegre Kimya Sanayi Factory, installation and commissioning will be done.	

 SOLU-FERT Kimyevi Maddeler San. ve Tic. Koll. Şti	2023	Revision of 2 Ex-proof Dosing Belt Weigher (Potassium Chloride and Ammonium Nitrate)	
 PARTNER TEKNİK "The Solution Partner"	2023	1 Piece 30 t/h Limestone Dosing Belt Weigher Project Design, Mechanical and Outomation Control Panel Manufacturing	
SURÇEM ÇİMENTO SANAYİ	2024	25 t/h capacity Cement Grinding Plant established in Çobanbey/SYRIA, -Establishment of automation and Scada system, -Design and manufacturing of MCC and PLC control panels -It is a supervisory service job during the commissioning of the system."	

 Çatalağzı Termik Santrali	2025	Sampling System Installation on Coal Transport Conveyor (1800 capacity) to Thermal Power Plant; Project Design, Manufacturing, Installation and Commissioning of Conveyor Top Automatic Hammer Type Sampler, Crusher Feeding Belt, Hammer Type Crusher, Regular Material Feeding Equipment, Secondary Hammer Type Automatic Sampling Machine, Rotary Sample Collection Container, Coal Feedback Elevator and Electrical Automation Panel Supervisory Affairs"	
 ADIM PANO ELEKTROMEKANİK SAN. VE TİC. LTD.ŞTİ	2025	It is the revision and commissioning work of 5 mill feeding Dosing Belt Scales in the Cement Grinding facility of HNC İNŞAAT A.Ş. Company located in Boğazlıyan/ Yozgat.

2025

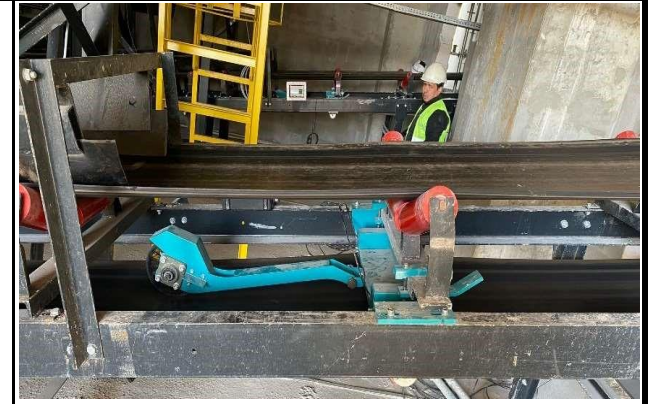

For Flour Mill-1 Air Belt Line 1 Air Belt Type Sampler
For Flour Mill-2 Air Belt Line 1 Air Belt Type Sampler
For Flour Mill-2-3 Common Air Belt Line 1 Air Belt Type Sampler
For Flour Mill-4 Air Belt Line 1 Air Belt Type Sampler
For Cement Mill-5 Air Belt Line 1 Air Belt Type Sampler
For Cement Mill-6 Air Belt Line 1 Air Belt Type Sampler,
project design, mechanical manufacturing, control panel manufacturing and commissioning work,

TORAMAN MAKİNA

2025

Belt Scale project, manufacturing and commissioning work for weighing the products passing through the 140 T/H Coal Carrying Capacity Belt Conveyor in Niğde Bor Sugar Factory,

 Çimko Çimento ve Beton San.A.Ş. / Narlı Fabrikası	2025	Maintenance, Repair and Calibration of Dosing Belt Scales in the Feeding Line of the Flour Mill,	
 LİMAK ÇİMENTO ŞANLIURFA ÇİMENTO FABRİKASI	2025	Screw Conveyor Type Automatic Coal Dust Sampling Machine; project design, mechanical manufacturing and assembly, control panel manufacturing and software, commissioning work,	

 TORAMAN MAKİNA	2025	This project involves the design, control panel, and commissioning of a 28 t/h water supply system for ash mixer equipment with a capacity of 140 t/h, including PLC software.	
 TİFTİK BETON	2025	This project encompasses the design, engineering, mechanical and PLC control panel manufacturing, and commissioning of a 20 t/h capacity rotary table ash dosing unit.	

**CENAL ELEKTRİK
ÜRETİM A.Ş.**

2026

This project involves the design, engineering, mechanical and PLC control panel manufacturing, and commissioning of an automatic sample collector mounted on a 1200 mm conveyor belt for the Karabiga 1320 MW Thermal Power Plant owned by Cenal Elektrik Üretim A.Ş.

**SİLOPİ ELEKTRİK
ÜRETİM A.Ş.**

2026

This project involves the design, engineering, mechanical and PLC control panel manufacturing, and commissioning of two 650mm conveyor belt-mounted automatic sample collectors for coal conveyor belt sampling at the 405 MW thermal power plant owned by Silopi Elektrik Üretim A.Ş., a subsidiary of Ciner Group.

 ELEKTRİK ÜRETİM A.Ş.	2026	Installation of a Coal Sampling System on a Thermal Power Plant Coal Conveying Belt (1400 mm width), including: Conveyor-mounted automatic hammer-type primary sampler, Crusher feed belt, Hammer type crusher, Controlled material feeding equipment, Secondary automatic hammer-type sampler, Rotary sample collection unit, Coal return elevator, Electrical automation panel ,Scope of work covers engineering design, manufacturing, installation, and commissioning supervision services.	
 İskenderun Enerji Üretim ve Ticaret A.Ş.	2026	Design, engineering, manufacturing (including mechanical systems and control PLC panel), and commissioning of an automatic conveyor belt sampler installed on a 1600 mm belt for the 1360 MW Yumurtalık–Adana Thermal Power Plant owned by İskenderun Enerji Üretim ve Ticaret A.Ş.	

Eti Bakır A.Ş.
Samsun İşletmesi

2026

This project involves the design, manufacturing, installation, and commissioning of two sets of automatic sampling and sample splitting machines for automatic sampling of copper concentrate and phosphate rock from conveyor belts at the Eti Bakır A.Ş. Samsun Factory.

İskenderun Enerji
Üretim ve Ticaret A.Ş

2026

This project involves the design, engineering, mechanical manufacturing, and commissioning, including PLC panel software, of two sets of Automatic Sample Splitting and Sample Collection Systems for the 1360 MW Yumurtalık-Adana Thermal Power Plant, owned by İskenderun Energy Production and Trade Inc.
